

PANTS OFF RACING

SANDY SAUTÉ

Saturday March 30 2019

Pants Off Racing, Inc. (POR) is a non-profit organization dedicated to raising awareness of and helping those affected by pancreatic cancer and other serious illnesses. The 1st Annual POR Sandy Sauté plans to host more than 150 participants. Our goal is to raise more than \$25,000 each year through this fun beach run

We're a group of high energy, fun loving, sports enthusiasts **dedicated to helping pancreatic cancer victims and their families.** Our mission is to provide **financial, logistical, and moral support** directly to families impacted by this disease. Although research is the key to defeating pancreatic cancer in the future, **we aim to provide immediate relief** to those burdened by it in the present.

The money we raise directly assists the families we meet. It goes to **medical bills, travel costs, activities and gifts** for the families, and anything other requests specific to the individual needs. At POR we do not incur overhead expenses, and all of **our service is volunteer.** This translates into using donations to help others, allowing us to take on more requests. Not many organizations can boast this!

POR is critical to those who need support quickly. POR is a resource for others that need to make decisions for the first time. Our knowledge on the process helps those who are in a difficult and unfamiliar position. This is what makes POR unique, we work directly with the individual and provide immediate assistance when necessary. POR is proud to put charity into motion and be a source of relief to dozens of families each year.
